Vacancy Announcement

Community Engagement Coach

PA Distance Learning Charter School, a public cyber charter school, is seeking a Community Engagement Coach for the current school year. Coaches serve an important role in our school team and actively participate in the support of current PA Distance Learning Charter School families. Our coaches and staff strive to create an equitable and just workplace and school-place, where everyone feels safe and supported. Coaches work with families to find the supports needed for student success by providing opportunities for orientation, education and community resources. They travel throughout the state of Pennsylvania in support of these efforts. Our mission is to blend proven teaching techniques with educational technologies to promote academic growth for all students. Staff members are required to work in our office located in Sewickley, PA, travel throughout the year for PSSA and Keystone testing and school events and be very comfortable working on the computer. Acts 34, 151 and Federal Act 114 clearances and Act 168 background checks are required. Do you thrive in an environment which promotes standards, collaboration and creating meaningful learning experiences? Are you passionate about improving school outcomes and enhancing the school experience through diversity, equity and inclusion strategies? Do you have strong communication skills, experience with program implementation coupled with the ability to collaborate with a wide variety of stakeholders (family, student, staff)? If so, visit our website at www.padistance.org to learn more. Ready to take the first step? Forward a cover letter and resume to Leigh Anne Lord, HR Coordinator via email at leighanne.lord@padistance.org. Competitive wages and benefits package. E.O.E.
